

# How to find your referral link

## What is a referral link?

A referral link is your unique URL to invite others to join Deriv. When they sign up through your link, their activities—such as account creation, deposits, or trades—are tracked in your partner dashboard. This ensures you track and earn rewards for bringing in new clients.

## How to find your referral link

### STEP 1

#### Log in to the partners' portal

Open the partners' portal login page: <https://partners.deriv.com/login?brd=1>. Log in to your account using your email and password.

### STEP 3

#### Select your referral link

As our partner, you are subscribed to the Revenue Share and Turnover commission plans. For more details about these plans, visit our [Help Centre](#) and review the [affiliate commission structure](#).

Each commission plan has its own referral link, which can be identified from the Campaign column of the table.

### STEP 4

#### Copy the link

To copy the link, click on the “Copy to clipboard” button available in the right-most column of the table.

### STEP 5

#### Share your referral link

Start introducing new clients to our platform! Share the link with potential clients through social media, email, text, or any other communication channels.

Choose the plan to promote based on what you think fits your prospective client. Need help deciding? Visit our [Help Centre](#) for guidance.
